Our customers are very important to us. They are why we work so hard to consistently deliver the level of excellence that they have come to expect from us. And, it is our dedication to quality that keeps them coming back time and time again. It is a pleasure to share some of their comments...

Olsen Thielen: *"Communication Systems Specialists were an integral part of our office move. We relied heavily on Chad's knowledge and experience when designing our network wiring, security*

and paging systems and much more. Their work is always very professional and their personal service is top notch. They are the first call we make for any low-voltage wiring projects."

— Lisa Dunnigan, Principal of IT

Hultgren & Struzel: *"I rarely take the time to write letters, even when I am satisfied. I made an exception because it was such a treat finding a company that did exactly what I wanted, even when I wasn't sure what that was...we need more companies like yours."*

— Greg Hull, President

Prime Therapeutics: *"Chad and CSS are very detailed and always help us with designing the best possible low voltage solutions for our Data Centers and regional offices. Chad's and CSS' work is always*

exceeding our expectations. I recommend Chad and CSS for any low voltage job, big or small. Their attention to detail is unmatched."

— Curt Guerrette, Senior Network Engineer

Delphax Technologies: *"I would like to take a moment to thank you and your staff for your outstanding work on our structured cabling facilities in our new building."*

— Nate Morris, Computer & Network Systems Administrator

StayWell Health Management: *"CSS was an excellent partner with us in the wiring and design of our new corporate headquarters and data center. The service*

and support was great, the technicians were very professional and flexible with our schedules."

We Install Quality!

*You Are
Important To Us*

"We strive for excellence in each and every job we do for our customers because they are extremely important to us. This means adhering to the highest standards, looking after the smallest details, and going the extra mile...always."

— Jennie Peterson, CEO

**CSS gives every project,
regardless of size, the same
devotion to detail.**

Värde Partners: *"Chad and CSS provided excellent service and excellent value for a number of engagements for our firm. For projects large and small, CSS consistently demonstrated attention detail, professionalism and a dedicated work ethic to be sure that the job was done right. Throughout our relationship with Chad, he proved himself to be a knowledgeable resource, bringing innovative and creative solutions to our attention while ensuring that our business needs were met."*

— Zachary Lehman, IT Director

"When we chose to add a second floor to our office space, we relied on Communication Systems Specialists for our cabling needs. From start to finish, Chad Peterson and the CSS team impressed us with their outstanding customer service. Whether we had questions, made last minute changes, or needed to troubleshoot the quirks of our building's infrastructure, CSS quickly responded and always went the extra mile to provide solutions and to make sure the job was done right. It is refreshing to find professionals like the CSS team who provide such dedicated personal attention and high caliber workmanship."

— Dana Taylor, Expansion Project Manager

PRAGMATEK Consulting Group: *"I wanted to let you know that Steve, Jeff and Mark did an excellent job on our recent data wiring project. I very much*

appreciate all the work your entire team did to make our office move a success. Thanks."

— Larry Jenkins, IT Manager

Concordia University: *"Chad runs one of the best cabling companies I have ever had the pleasure to work with. The staff that he employs are knowledgeable, and easy to work with. The work is always completed on time, and the quality of the workmanship is next to none."*

— Michael Bruder, Network Services Senior Coordinator

"I have had the privilege of working with Chad Peterson for 8 years. I believe it is an honor to write a letter of recommendation for him."

— Jonathan Breitbarth, Director of Computer Services

"I have worked with Chad and his company over the years and they have always provided excellent service and an excellent value."
