## Community Involvement

Mrs. Peterson later stated, "We enjoyed the opportunity to be involved with such a wonderful organization and look forward to next year's event. CSS is committed to impacting our community in a positive manner. The Amherst Wilder Foundation is a wonderful organization to support."

**Monday, September 11,  
2006**

Registration begins at Noon  
1:00 p.m. Shotgun Start

Oak Glen Country Club  
1599 McKusick Road  
Stillwater, MN 55082

### *Area children benefit from an afternoon of golf and fun.*

Chad and Jennie Peterson, President/CEO of CSS, and proud "hole sponsor" at the Wilder Children's Center Fall Classic enjoy a round of golf while benefiting the Children's Residential Endowment Fund. The fund helps provide 24-hour-a-day therapeutic environment for area children with emotional or behavioral problems and currently can't live at home. The goal of the Wilder's residential treatment programs is to work with the children and their families to find away for children to either return to their home or to an alternative living setting, and to create a healthier, safe and more productive future for themselves.

The [Amherst H. Wilder Foundation](http://www.wilder.org) impacts the lives of more than 15,000 individuals each year. Its programs help children succeed in school, troubled youth and families create healthy futures, individuals and families maintain long-term housing, and older adults remain independent.
